8 Generations of the "Elie Gay" Family ...

Many of you who follow the Skagvale breeding program may have already heard of **SKAGVALE LEGENDARY**. Visitor after visitor has just looked and looked at this awesome bull, ... and many have declared him as 'perhaps the best Holstein bull ever!!' We've had a pile of letters, phone calls, emails, and personal requests to buy semen from this exciting young bull, and we've even received several proposals to flat-out buy the bull!! However, up until recently, we kindly turned down all offers, not wishing to sell either the bull or his semen! We felt that **LEGENDARY** was such a perfect individual, ... from the best cow and the best cow family, ... with so much promise to sire fabulous cattle ... that we just kind of selfishly wanted to keep him all for ourselves! In today's global genetic market, it is rare, ... very rare, ... for one dairyman to have genetics that another dairyman can't also easily get, ... and we thought it would be fun to have that opportunity with **SKAGVALE LEGENDARY!!** What a bull!!

However, along came Ron Pietersma (Legend Dairy Farms) in December of 2005. When he left, he took home with him, to California, 43 head of Skagvale cattle, ... and his enthusiasm for the Skagvale bloodlines and particularly Skagvale Lee Elie Gay (EX-94) and her son, **SKAGVALE LEGENDARY** (EX-92) were easily evident. Ron's description of **LEGENDARY** was along the lines 'of a perfect blend of feminine masculinity.' We started toying with the idea of offering semen from **LEGENDARY** to Ron for exclusive use in his own herd — on his newly-purchased Skagvale cattle, as well as his 3,000 other head of cattle.

As we continued to tinker with the idea, our opinion of Ron Pietersma as a man of great integrity and high values impressed upon us so much that we decided to take a further step and offer half-interest in both Skagvale Lee Elie Gay and her son, **SKAGVALE LEGENDARY** to Ron. Not surprisingly, Ron pounced on the opportunity to own half of what he confided to us as being two of the best Holsteins in the world today, ... and the deal was done!! (We think that the similarity between the bull's name — **LEGENDARY** — and Ron's farm name — **LEGEND DAIRY** — may have helped cinch the deal!!)

As mentioned earlier, Ron was very enthusiastic about this dam-son pair! And so it was with his persuasion that the decision was made to let other dairymen use our once highly-protected bull, and put **LEGENDARY** and his tremendous cow family genetics to work in all herds in the U.S.

Take a minute or two to study **LEGENDARY**'s family tree on these pages, and decide for yourself if you'd like a herd just like them for yourself! These are big, strong yet-dairy cows who last and last, ... who transmit, ... who milk and test, ... and who make you money doing it!! **SKAGVALE LEGENDARY** certainly has high expectations set for him because, simply put, ... we expect him to **DO IT ALL!!**

To

‘LEGENDARY’ SEMEN is now available!! ...

After being used exclusively in the Skagvale and Legend Dairy herds, we have decided to offer semen from **SKAGVALE LEGENDARY!** Our initial inclination was to use him only in our own herds. However, because so many breeders vigorously urged us to make **LEGENDARY** available for their herds, too, we’ve agreed to offer his semen as follows.

prices include shipping in continental U.S.A.

15 units \$450 (\$30/ea.)	120 units \$1,200 (\$10/ea.)
30 units \$750 (\$25/ea.)	250 units \$2,000 (\$8/ea.)
60 units \$900 (\$15/ea.)	500 units \$3,000 (\$6/ea.)

(semen must be purchased in amounts listed above)
